Ayush Jamadiya

Bengaluru, Karnataka | +91 9111870976 | [ayushjamadiya88@gmail.com] | LinkedIn | GitHub

Summary

Computer Science graduate with hands-on experience building scalable web applications and backend systems. Strong foundation in React, Next.js, Node.js, and MongoDB, with practical knowledge of API design, authentication, and responsive UI development. Passionate about turning ideas into functional products and continuously improving through real-world project building.

Education

Sushila Devi Bansal College of Technology — Indore, MP
Bachelor of Technology in Computer Science — *Aug 2021 – July 2025*

Govt. Malhar Ashram HS School — Indore, MP
PCM – MP Board — *July 2019 – July 2021*

Govt. High School — Indore, MP
10th – MP Board — *July 2017 – July 2019*

Projects

Photographer Portfolio Platform | *Next.js, React, Tailwind CSS* — Apr 2026 – May 2026
GitHub | Live

- Built a responsive portfolio platform with reusable components, optimized image rendering, and dynamic routing for improved scalability.
- Implemented dark mode toggle, smooth animations, image galleries, and reusable component architecture.
- Used dynamic routing and modular design for better scalability and maintainability.
- Improved user experience through responsive layouts across mobile, tablet, and desktop devices.

Smart Task Management System | *Node.js, Express.js, MongoDB, JWT* — May 2026 – June 2026

- Built an intelligent backend API that automatically prioritizes tasks based on urgency, importance, deadlines, and estimated completion time.
- Designed a custom scoring algorithm to calculate dynamic task priority and improve task scheduling.
- Implemented secure authentication using JWT and password encryption with bcrypt.
- Developed advanced APIs for overdue task tracking, top-priority task suggestions, and daily productivity recommendations.

Technical Skills

Languages: Java, Python, JavaScript, C
Frontend: HTML, CSS, React.js, Next.js, Tailwind CSS
Backend: Node.js, REST APIs, JWT
Database: MongoDB
Developer Tools: Git, GitHub, Postman, VS Code, Eclipse

Achievements

Earned 3-star rating in Java on HackerRank.

Earned 2-star rating in C on HackerRank.

Built and deployed 2+ full-stack projects using MongoDB, Node.js, and Vercel.

Strong problem-solving skills in DSA, REST APIs, and authentication systems.

Coursework

Data Structures and Algorithms, DBMS, Operating Systems, Computer Networks, OOPs
